The philosophy of mathematics is the branch of philosophy that studies the assumptions, foundations, and implications of mathematics, and purports to provide a viewpoint of the nature and methodology of mathematics, and to understand the place of mathematics in people's lives. The logical and structural nature of mathematics itself makes this study both broad and unique among its philosophical ...

This is amazing! I want to try this with one of my honors geometry units. I too have tried to flip my classroom with little satisfaction. Iâ€™d love to know more about how you go about ensuring students learn and what types of assessments you use.

Why I Gave Up Flipped Instruction

Hi there kazelli, Our lovely teacher and design teams have created this and emailed the new resource to you! It will also be available on the website within 48 hours, and you can find it either as a main resource, or under 'Alternative versions' above.
